

# THE Grab Bag 'Pinch' - Universal Weight Bag

The **Grab Bag Pinch** is a unique and handy alternative to plain sand bags when it comes to item stabilization. Made from orange or black geotextile or durable canvas. Quad stitched for endurance. The bag is divided in half to form a 'pinch' in the middle to have equal weight on both sides. Heavy duty 2" Velcro on each end allows for desired custom weight. Popular applications include temporary fencing, traffic signs, outdoor signage, menu boards, tarp stabilization, etc.
